

Newsletter/Newyddion Class 11

Date: Autumn 2022

Ethical informed citizens

Ambitious capable learners

Class 11 love cooking! It's an activity everyone enjoys, especially when we get to eat what we have made. Our sessions in the flat with Kira is a favourite for everyone.

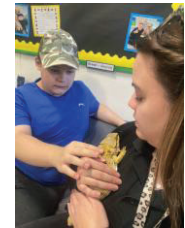

This term we made Harvest Haybales, pizzas, cakes, fruit kebabs, rice crispy Christmas trees and lots more.

Greenmeadow Community Farm

Trips to the farm have been a highlight for Class 11 this term. We've fed the animals, been on train rides and had snacks in the café too. The farm is shut for the winter, but our school is lucky to be looking after their bearded dragons!

Lego Therapy

Ollie leads Lego therapy sessions in Luca's room. Other pupils join in with the sessions too.

We can follow the instruction books to create models. We can also use our imagination to make our own creations!

Children In Need 2022

We had so much fun doing Pudsey crafts and making spotty bandana biscuits. It was great to join the rest of the school in the hall for a disco too.

Thank you for your kind donations
