

Newsletter/Newyddion Dosbarth 7/Class 7

Date: Autumn Term 2022

Ethical informed citizens

Class 7 were lucky to welcome three new pupils this term, everyone has settled in really well.

Our topic this term has been "Back to the Future," we all chose pictures of time machines that we would like to design and worked together to make a time machine display. We found and chose pictures of what we wanted to learn about including harvest, Halloween and steam trains!

We have been busy making playdough for the Christmas market, to sell.

Our class assembly this term was all about friends. We all talked about how to be a good friend. We also made friendship bracelets.

Edited by: Class 7 during Circle Time

Class 7 have been lucky to have Dragons Rugby come in for some super sessions. We all had the opportunity to practise throwing and catching the rugby ball with staff support. We all celebrated as we scored try after try!

For harvest we made vegetable soup, which we all enjoyed tasting. Everyone participated in a special assembly about harvest, looking at how each class celebrated it and the activities they did.

Tia, Jayden and David have been doing some fantastic movements whilst in the hydro pool during their weekly swimming sessions.

Tia has been working extremely hard on her MOVE targets this term.

Ambitious capable learners
