Date: December 2022

Christmas Market

Class 5 wish you all a Merry Christmas and a Happy New Year! We enjoyed making candy cane reindeers to sell at our Christmas market. Well done Class 5 for demonstrating your skills as creative contributors.

Harvest Festival

Whilst learning about Harvest, Class 5 enjoyed using their fine motor skills to make vegetable soup by exploring a variety of vegetables and attending a special Harvest Festival where we tasted fresh bread and cheese.

Medieval Times

As part of our topic "Back to the future", we enjoyed learning about Medieval times. Class 5 used their numeracy skills in the game of skittles and hoop the cone. Their favourite part was having a go at jousting.

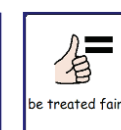

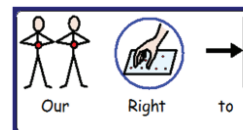

People who help us

Class 5 have been learning about people who help us. We looked at different services and during an attention autism bucket session, we pretended to be firefighters. All week we practised being a kind friend and offered our help when needed.
